Lyrics
For years I’ve been waiting, sweetheart, for you,
And wishing that you would be mine;
And now that I’ve found the way to your heart
Each moment in life seems divine.
That waltz seems to tell of your charms,
Just glide me around in your arms.

REFRAIN
Let me waltz to that dreamy strain,
Press you close to my heart again.
Let me dream of a day in June,
Honeymoon, birds in tune,
Let me gaze in your eyes of blue,
While I’m building a world for two
Joy entrancing while we are dancing
“The waltz of Love.”
