Let Us Be Sweethearts Again

Moderato

When love was young we
Both night and day while

VAMP

thot all our dreams came true,
I've been away from you,

VAMP

Your sweet caress brought hap-pi-
My heart would ache and near-ly

ness;

One day we quarrelled just like true lovers do,

break;

In dreams I hear your voice and your promise true,
A tear, a sigh,
Let's live once more
those days of yore.

CHORUS

Dearie, come let's forgive all our heartaches, Dearie, come let's for-

get all the pain; Brush the tears from your eye, let the

dark clouds roll by, For the sunshine will follow the rain.

Let Us Be Sweethearts Again. 3
Like a flow'r in a bow'r you have grown, dear, Just a part of my heart to remain; With your sweet tender charms nestle close in my arms, Come and let us be sweethearts again, Dearie, again.

Let Us Be Sweethearts Again. 3
