Let Us Say Good-Bye With A Waltz

Valse moderato (con espressione)

One night in June,
One moment's bliss,

Under the moon,
While a cello sighed, I

Burning kiss,
And our ways we'll have to

met you, and I never could forget you,
Now forever, when we say 'Good-bye forever,'
you and I
must say goodbye,
re - mem - ber
bye, me,
But before we part,
let this waltz to-night be the ray of
light to cheer us when we're lonely.

Refrain (Dreamy)
Let us say goodbye tonight with a dreamy waltz,
Sweet-heart, who knows when we'll ever meet again.

Let us smile, and for a while forget each other's faults.

Tho' our hearts may sigh, Let us say good-bye.

with a waltz, a dreamy waltz.
