When twilight shades are falling
When my poor heart is weary
When all the world seems

I hear your sweet voice
And so that you may closer be
And by your side I long to be

I kiss the Rosary you gave to me
'Tis then your Rosary brings you to me
Chorus

When at the close of day

Tho you are far a way

Seems I can hear you say

pray' you taught me on your knee dear

The Rosary You etc. 3
I see your face divine
In each bead sweet Mother mine
Keep until Eternity
The Rosary you gave to me
