Some Day When Dreams Come True

Words and Music
by PHIL STAATS

Andante Moderato

PIANO

Last night when all had gone to rest And lost in sleep I lay, I
But morning came, alas too soon, I woke again to know That

had a dream of you, dear heart, That turned night into day, You
dreams are all that's left to me Of that sweet long ago, Al -
came and stood beside my couch, Your eyes with love a-glow. I
tho' I'm far away from you My heart is ever true. I
stooped and kissed me as you did In days of long ago. I
would that I might never wake But always dream of you.

CHORUS
Valse Lento
Some day when dreams come true, Some day in the
future years, I'll come to you, dear
love, Smiles shining through my tears;

Then will my empty heart Beat with a rapture

Some day, Some day,

Some day when dreams come true.

true.
