Dancing to the humming of the bees, Nod and
None will miss their fragrance on the breeze, More than

Blushing with the kisses of the sun, Nod and
And when spring has fled I still shall yearn, Blossom

The Cherry blossoms.
Whispering good-night when day is done,
Till once more with laughter you return,
Nod and bow,
Fair,
Flower fair.

Refrain.

Andante.

Cherry blossom, sweet, I love you,

Flower to my heart so dear,

The Cherry blossoms. 4
Laughing at the skies above you, sweetest flow'r of all the year,
All the day I'm dreaming of you.

As between the leaves you peer, Cherry blossom sweet, I
love you, sweetest flow'r of all the year.

The Cherry blossoms.
