Let Us Say A Prayer for Daddy

Words & Music by

Andante espressivo

In a humble home Two sad hearts a-lone
Mother holding babe tenderly

Slowly went the years Baby said with tears
Mother where is my daddy dear

Tears in mother's eyes Babe don't realize
If these poor hearts knew Daddy's life was through

And the angels he is near Then with a good-night kiss
Said mother baby dear Our dad will soon be here.

Chorus With deep feeling

Let us say a prayer for Daddy
He is far across the sea.
You have never seen him little baby
Of us he is thinking constantly.
Pray that soon he will be with us.
Pray protection for him dear.
Tho' you have your mother with you baby
Pray that dad will soon be here.
