CHORUS

Just keep your eyes down Mary, you're a big girl now
No ones looking at 'em now

Be more contrary Mary
And hide your ankles Mary
With the boys if you know how
Try and blush if you know how

It doesn't pay to advertise
Some things you did when you were small

A trusting disposition with your eyes
So keep your eyes down
Today you wouldn't dare to do at all
So keep your eyes down

Mary Mary you're a big girl now
Just keep your eyes down
