**SPANISH BALLAD. Arr by J. P.**

*Pronounced "Waneta," placing the accent on e.*

The quick and uniform baking of the "Early Breakfast" Stove can not be approached or equaled by any other cooking apparatus in the country.

We have discarded many old-time ideas, and in their place supplemented new and valuable improvements in the "Early Breakfast" Stoves, which are now found indispensable, overcoming all the old difficulties and delays in cooking.

The text of the song "Juanita" is also present in the image, discussing the quick and uniform baking of the "Early Breakfast" Stove.
