[The items in this bibliography are illustrated with numerous examples of clothing and therefore useful for the study of costumes, or clothing, worn in particular periods. The list contains only a few works dealing with the actual subject of costume, drawing most of its examples from travel literature. It is by no means an exhaustive listing of holdings. Its purpose is to provide examples to students of theater and other interested individuals of clothing from particular periods found in materials in the Rare Books Collection. No effort has been made to broaden the contents of the original list.]
