Find the **LIBRARY'S BLOG** link [note: we have Facebook, Twitter, Instagram, Flickr & YouTube, too]

Find the **Course Reserves** page and see which courses or professors have materials listed.

Under **Services** drop-down menu >> **Circulation**, look for **Reserve Services** and read **Reserves for Students**

Find the **Interlibrary Loan Services** page and set up your **ILLiad** account so you can request books, articles, etc. not held by the ISU library.

Via **Electronic Resources**: Find the **Naxos Database** [hint: Select **Subject >> Arts and Music** -or- **All Databases A-Z**] and listen to a recent audio file - lots of classical but also ethnic, jazz, etc.

**THE LIBRARY AND YOUR CLASS ASSIGNMENTS**

For most research projects, you will be required to use library-based resources. Look thru each syllabus and **highlight** reading or project assignment dates. Look for any specific information that will relate to doing library research; for example, will you be required to know & use APA or MLA style? Do you have to find a ‘professional journal’ in your major? Are specific types and quantities of resources listed? If your class does not receive an instructional session with a librarian, contact your **Subject Liaison** for a consultation appointment.

Access the **Online Catalog**. **Utilize Fusion's Account features**: Login [you’ll input your Student ID & create a 4-number PIN/Password]. Search, then **Add to Lists**. Later access **MyLists** to retrieve. Print the list whenever you are ready to come to the Library to retrieve materials. [Journal article databases have similar long-term save features.]

In a **NOTEBOOK/BINDER** or in your **Cloud space**, set up a **LIBRARY/RESEARCH SECTION** -or- in **MICROSOFT ONENOTE**, set up a **SECTION GROUP** for **LIBRARY/RESEARCH** and then a **SECTION** on **LIBRARY INFO**. Keep copies of library-related handouts, library assignments, citation style guides, printouts of fusion lists, etc.

USING OTHER LOCAL LIBRARIES

The [Online Catalog: Fusion](http://fusion.indstate.edu) and/or [FusionPlus](http://fusionplus.indstate.edu) connects you to both college/university and public library materials from the [Library Consortium of Vigo County: ISU, Rose-Hulman Institute of Technology ’s Logan Library; St. Mary-of-the-Woods’ Mary and Andrew Rooney Library; and Vigo County Public Library](http://library.indstate.edu/about/units/instruction). Your ISU ID card allows you borrowing privileges at all of these libraries.

You can design searches to look only for ISU materials. However, if you need materials from the other libraries and do not have transportation, use [Interlibrary Loan](http://library.indstate.edu/about/units/instruction/interlibraryloan) to request them.

Note: the [Public Library Main Branch](http://library.indstate.edu/about/units/instruction/librarymainbranch) is only a few blocks south on 7th Street, south of Wabash/Ohio Streets.
